

Winton B. Co. Pa
15th Dec 2c

Dear very Respected Friends

Mr & Mrs Garrison - We had the subject of your visiting us Mr Garrison, in this County at the time of the coming West Chester meeting - before our abolitionists at a meeting lately held - and I was authorized to invite you earnestly to give us some of your time when in this State - I have deferred the task this long - But in meeting the Ex Com. of Ph. the other evening and hearing so much said about your visit - especially as you wish to make the social part of some amount - I have felt prompted to thus write you - I put in no claim before the Com. But on my return home I made our very estimable friend R. Curtis of Pyleung a visit - and he is anxious that your visit may be prolonged in order to make a touch in our County - He says that they the Pyleung folks would be willing to go to Winton in Bucks Co. Pa. to attend a meeting -

You may remember that I suggested to you the propriety of making us a visit some time ^{ago} "Monday the day and Monday the hour" as the song says, Mr. Fule -

We must have a social gathering amongst us at least - and if your health will permit we hope for a meeting - Your visit might terminate with us - we are near "Winton" - and we will afford every convenience for your and Mrs Garrison's comfort

Yours Affectionately,

Winton B. Linton

M. D. Linton

And others
